

Due to a tragic boating accident in June of 2015, we suddenly lost our baby, **Julianne Addison Rosela**, at age **seven**. Julianne lost her life doing what she loved, having fun.

Julianne was a beautiful, vibrant young girl who had an undying love for her family and friends, and life itself. She was spontaneous, often times running off to the neighbors to play with her friends, help with the gardening, or ride bikes. She was friends with anyone and everyone, and always wanted to help out with whatever was going on from yard work to cooking. She would eat anything including sushi and oysters from the half shell.

Julianne was also incredibly articulate. She knew things that many adults don't even know; such as, there's a question mark at the end of the Star Spangled Banner, Jupiter is a gas planet, and her pet cat, Mouse, was a Russian Blue. She loved to tell jokes and say random funny things that would make her giggle uncontrollably. People around her couldn't help but laugh along with her.

Julianne embodied the spirit of Kent Island by loving the water, seafood, and community. The outpouring of love and support from the Kent Island community was, and continues to be, the most inspirational testament to the quality and everlasting meaning of Julianne's life.

Julianne passed her unyielding happiness on to everyone she touched in life, and she will always be with us - **Forever 7** - in our hearts, minds, and in spirit.
